Marshack Hays LLP Select Omega Legal for Client Support and System Reliability

PHOENIX – July 30, 2009 – Marshack Hays LLP, located in Irvine, California, has chosen Omega Legal Systems, Inc., a nationwide provider of financial and practice management software specifically designed for mid-to-large size law firms, for their time, billing, accounting, and business intelligence needs.

The new firm selected Omega Legal as their financial and practice management system, citing that Omega's fully integrated system offers unparalleled client support and unsurpassed reliability.

"When the attorneys approached me and asked me to be the firm administrator for a new firm they were starting, I insisted on implementing Omega Legal because of my previous experience working with the company," said Melissa Hawkins, Firm Administrator of Marshack Hays LLP. "Not only has their support been awesome, but the system is robust, integrated and reliable, which is a non-negotiable for a new firm such as ours."

"We welcome Marshack Hays to the Omega family and are pleased that our fully integrated system fits their specific business requirements," said Don Gall, President and Founder of Omega Legal Systems, Inc. "Every employee within our organization takes tremendous pride in developing and implementing a product that's competitive in its cost to purchase and maintain, along with being fully customizable for firms of every size. Marshack Hays now has the best tools, right at their finger tips, to help the firm quickly ramp-up productivity, boost profitability, and easily deliver vital financial data directly to the partners' desktops."
