Five Firms Select Omega Legal^{VX} to Improve Productivity, Profitability

*Firms Find Superior Return on Investment by Leveraging Software
to Identify and Improve Under Performing Areas*

PHOENIX—April 14, 2009—Five law firms have chosen to convert their financial and practice management systems to Omega Legal^{VX}, an integrated software solution designed to meet the needs of mid-to-large size law firms. Schwartz Simon Edelstein Celso & Kessler LLC of New Jersey; Harwood Llyod, LLC of New Jersey; Sanchez Daniels & Hoffman LLP of Chicago; Gilbert Oshinsky LLP of Washington, D.C.; and Bulkley, Richardson and Gelinas, LLP of Massachusetts selected Omega Legal^{VX} because the software offered the best overall value for their firm, outstanding system performance and the ability to tailor the reporting to their firm's specific needs.

"We are in a unique position having purchased Omega Legal two years ago for a consulting company. Now we are converting the law firm's system to Omega Legal^{VX}. It was the perfect fit for our firm," said Jeri Rhodes, Executive Director at Gilbert Oshinsky LLP. "I love the support and responsiveness of all of the staff at Omega. We truly experienced the most organized, comprehensive conversion process that I have ever witnessed. Once Omega Legal^{VX} is installed, it's very straight forward to use, and it's very user friendly for everyone in the firm."

"With our prior billing program, we were frustrated that we were unable to easily retrieve reports such as attorney profitability, and as a result much of that work had to be done manually," said Diane Huntley, Office Administrator at Sanchez Daniels & Hoffman LLP. "We also had such a large database that when it came time to produce our monthly bills, it took as much as ten hours before the printing of the bills actually began. Now with Omega Legal^{VX}, our bills begin printing within five minutes and the entire process takes only thirty minutes. We implemented Omega January 15th and the conversion was smooth. We're still learning, but it seems that things are moving along quite well, and our Omega project manager has been extremely helpful, patient and understanding."

"We're excited to welcome these five firms to the Omega family," Don Gall, President of Omega Legal Systems, Inc., Phoenix, Arizona. "I'm pleased that Omega Legal^{VX} has what these firms needed and that's reasonable cost of ownership, easy access to critical financial data, as well as streamlined marketing and collection support."
